LEED v4 – BUILDING DESIGN AND CONSTRUCTION

Steel Dynamics, Inc. - Structural and Rail Division (SDI) provides numerous documentations pertaining to “Material and Resources” (MR) section of LEED v4.

- **Sustainability Report**
Full report including updates can be accessed on SDI Corporate website at:
<https://www.steeldynamics.com/sustainability-reporting/>
- **Environmental Product Declarations (EPDs)**
SDI provides product-specific Type III EPDs located on the division website:
Structural: <https://lpg.steeldynamics.com/pdf/Columbia-City/Sustainability/Structural-EPD.pdf>
Rebar: <https://lpg.steeldynamics.com/pdf/Columbia-City/Sustainability/Rebar-EPD.pdf>
- **Sourcing of Raw Materials**
Recycled content information including post-consumer and pre-consumer data can be found on the division website link below. This information is updated annually. The amount of recycled content sourced within 100 miles of the project site can be provided upon request.
