## Published Price Announcement

To Our Valued Customers,

Effective with new orders received after 8:00 pm EST, Wednesday April 29, 2026, the **Steel Dynamics Roanoke Bar Division** will be increasing prices for select angle and channel sizes by \$2.00/cwt (\$40/ton). All confirmed orders as of the close of business on April 29, 2026, will be price protected if shipped before May 15, 2026.

Additionally, the **Steel Dynamics Structural and Rail Division** will be increasing prices for select angle and channel sizes between \$2.00/cwt (\$40/ton) and \$3.00/cwt (\$60/ton). All confirmed orders as of the close of business on April 29, 2026, will be price protected if shipped before May 15, 2026.

Please reference the respective price pages for each division. We will continue to monitor the North American market and strive to provide the highest quality products at competitive pricing.

If you have further questions, please contact your Steel Dynamics Sales North American Representative.

Thank you for your business and continued support.

Respectfully,

Jordan Burkholder  
Sales & Marketing Manager  
Steel Dynamics Sales North America, Inc.

## **Freight Equalization Announcement**

To Our Valued Customers,

Beginning May 1, 2026, **Steel Dynamics Structural & Rail Division and Roanoke Bar Division** will review equalized rates for all modes of transportation presented. This process will require current, verifiable documentation. We are evaluating equalization in efforts to stay competitive, control costs, and ensure rates are equalized to “like” products from the closest producing point.

In the process of this review, Steel Dynamics reserves the right to equalize – partially, fully, or not at all – based on the evidence presented. If equalization occurs, shipments are via the best method for Steel Dynamics, which is not always mode-to-mode. In the future, these reviews will occur periodically and at Steel Dynamics' discretion, based on market conditions.

Review will include current common pre-pay added trucking, rail, and equalization to all barge rates, and transload locations.

If you have further questions, please contact your Steel Dynamics Sales North American Representative.

Thank you for your business and continued support.

Respectfully,

A handwritten signature in blue ink, appearing to read "Jordan Burkholder".
